### Strong Core Values Drive Local Company to Success *Meyer Najem Celebrates 20<sup>th</sup> Anniversary*

**(Fishers, IN) – June 4, 2007** – As Meyer Najem prepares to celebrate its 20<sup>th</sup> Anniversary in June, the company reports record growth in 2006. Today, 70 employees strong, this company has completed new construction, renovations and additions totaling over \$675 million since the firm began in June 1987. Meyer Najem's attributes it's firm standing to its core values, Building Value, Building Solutions, and Building Relationships.

Twenty years ago, Meyer Najem was formed with the goal of creating close, trusting relationships with our clients and project team members. In order to achieve this goal, we took the time to understand their needs and forces driving their decisions. Then, we worked hard to bring their projects to a reality. As we celebrate Meyer Najem's 20-year anniversary, we recognize that our dynamic success would not have been possible without building and maintaining these long-term relationships.

"Client satisfaction is our number one goal," says Anthony Najem, CEO.

Throughout the years, we've focused on measuring our goal of 100% client satisfaction. We made several long-term investments in our safety, quality assurance, technology, and employee training programs to achieve this goal. We are proud to report that of our project completion review program indicate that 100% of our clients reported that we met or exceeded their expectations in 2006. The dedication and commitment of all of our project team members is greatly appreciated.

"Talent alone won't secure future growth, Sam Mishelow, EVP of Business Development. "Everyone is really good at what they do, yet we all strive for continuous improvement. We must continue to focus on the future, improving and adding value for our clients."

We take great pride in the hundreds of projects we've completed in our 20-year history, from the smallest medical office building to the largest corporate headquarters. More importantly, we have enjoyed developing a positive working relationship with each of our clients over the past two decades. At Meyer Najem, we look forward to building on these existing relationships, even as we continue to grow in the next 20 years...and beyond.

BUILDING VALUE. BUILDING SOLUTIONS. BUILDING RELATIONSHIPS.
