**Meyer Najem Construction
Wins General Contractor of the Year for Under \$100 Million Annual Revenue
by Indiana Subcontractors Association**

(Fishers, IN) March 11, 2009 – The Indiana Subcontractors Association (ISA) has awarded Meyer Najem Construction the General Contractor of the Year Award in the category of Under \$100 million Annual Revenue for 2009.

The Indiana Subcontractors Association presented the award to Meyer Najem at the banquet dinner held in the Sagamore Ballroom at the Indiana Convention Center on Tuesday, March 10. The ISA promotes the interests of area subcontractors and material suppliers. It accomplishes this through:

- Alliance Partner—various associations representing the contracting industry are invited to have board representation and participate in determining the direction of the ISA.
- Project Information Meetings—provide networking and educational opportunities and major owners (construction consumers) give detailed information about upcoming projects that help contractors plan for their involvement.
- General Contractor Receptions—hosted by area general contractors, providing information about their upcoming projects and presenting general industry educational information.
- Promotes enhanced relationships between General Contractors and the Subcontracting communities by conducting an annual General Contractor of the Year competition.

Each firm that entered submitted up to three projects that were substantially complete during 2008. In addition, eight primary subcontractors were listed and surveyed about working for that construction firm.

Meyer Najem is one of the leading construction managers and contractors in the region, with an emphasis in Healthcare and Institutional Markets.

For more information on Meyer Najem, contact Sam Mishelow, EVP of Business Development at 317.813.6143 / smishelow@meyer-najem.com, or visit their website at www.meyer-najem.com.
